

SUBLIME

SUBLIME is inspired by the innate spirituality of nature, from the own aesthetic of outdoors to the intimate observations and reflections of a traveller. SUBLIME presents a wide range of designs that can be combined with each other, and together or individually can bring extraordinary beauty to the spaces. The collection has four different graphics: Iceberg —Camouflage White or Terre di Bolgheri marble—, Thunder —Negresco Grey marble—, Vulcano —Calacatta Black marble— and Cliff —Oreo Grey stone—.

With SUBLIME, Dukeson is committed to a new collection concept, where it launches four different graphics that can be combined with each other, to surprise aesthetically both by combining them and independently. They are graphics with a lot of personality, especially the Cliff graphic, which denotes prominence wherever it is.
